## WHAT A WOODPILE INDICATES.

What a satisfaction it is to see a generous, whole-souled woodpile! It gives one a better opinion of the world and brings up a rich flood of memories and associations. One has no need to be told that the owner is the father of half a dozen boys and girls, and that the neighbors like to gather under his roof during the long winter evenings, when the snow and wind outside but emphasize the warmth and cheer within.

One has no need to call on the imagination to see the great pile of extra logs in the corner, waiting their turn at the fiery carnival, dancing and glowing in the fireplace, or the half circle of merry story tellers gathered about the hearth, eating apples and cracking nuts and exchanging experiences of farming and hunting with each other.

What an open, large-hearted hospitality such profusion of wood suggests! It never occurs to one that the owner may be biggarly or shrubish. Such a pile of wood can only belong to a man whose heart is large enough to take in the whole neighborhood.

But what a contrast is the woodpile across the way!—a few sticks that even the house dog refuses to sleep behind. No wonder the boys are thin and sickly and the girls weak and discontented. One can easily imagine a smile, or a bit of laughter, or a just passing through a door that overlooks such a pile.—Domino's Magazine.

## A BAD PREDICAMENT.

Mabel—was so mortified at the punch in the nose the other night.

Flo—What happened?

Mabel—I wanted to laugh in my sleeve, but I had on my decollete gown and had to hide the laugh in my glove.

Children Cry for Pitcher's Cigar.

Wolfe Tone.

A desultory and enormous reader of plays and novels, with an impish humor and a facility and felicity of quotation which never deserted him under the most terrific circumstances. Tone's style is throughout literary and in that sense artificial, but he had a passion for facts and a healthy determination to see things as they really were. He is perfectly free from every kind of illusion, delusion and humbug.

He is very much alive to the humorous side of all things, including himself. The diaries are full of entries like this:

"I cannot help this morning thinking of Gil Bias when he was secretary to the Duke of Lerma. Yesterday I dined with Carnot. Today I should be puzzled to raise a guinea."

Wolfe Tone at the bottom of his heart was grave enough. His death is warrant for this. But he belonged by the order of his mind to the mockers. Tone's widow, though she had doubtless a good deal to put up with, mourned her husband's loss for 17 years, when she married one who shared her veneration for Tone's memory. His son grew up to be proud of his father's sufferings in what he was taught to believe was a good cause. Ireland is never forgotten Tone and probably never will.—Contemporary Review.

Ladies.

Who use SOZODONT have only to open their lips to prove its excellence.

Their white gleaming spotless teeth, and fragrant breath will tell the story. There is more demand for this wholesome and unexceptionable preparation than for any other dentifrice in the market.

**SENATOR STEWART'S ADVICE.**  
A Patriotic Appeal to the Industrial Army.

WASHINGTON, March 25.—Senator Stewart of Nevada has written the following letter to J. S. Coxey, commander of the army of the commonwealth:

UNITED STATES SENATE,  
March 24, 1894.

General J. S. Coxey, Massillon, Ohio—  
Dear Sir: The preservation of life, liberty and the pursuit of happiness was entrusted to the people under the Constitution of the United States. A free ballot was the means by which the people could retain their rights acquired by the patriots who gained the independence and established the Government of the United States. There was a time when ballot placed the control of the Government in Washington's, Jefferson's, Jackson's and Lincoln's hands. Such use of the ballot sent terror and dismay to tyrants, despots and plundering oligarchs throughout the world.

The enemies of justice and human rights predicted that the success of the ballot was temporary; that man was not capable of self-government. The destruction of the ancient republics and the repeated failures of the people to govern themselves were cited in proof of their contention that depotism, oppression and slavery were the fate of the human race. There have been no Washingtons, Jeffersons, Jacksons or Lincolns elected Presidents of the United States in two decades. A soulless despot of alien origin is monarch of the commercial world. His name is Money. His instruments are banks and bonds. His servants are administrative and legislative bodies.

The army you are collecting used the ballot to put the Army, Navy and Treasury Department under the control of banks and bondholders and place in the halls of Congress Representatives to do the bidding of money-changers.

**AN OPPORTUNITY FOR THE PEOPLE.**  
The ideas of November are approaching. An opportunity for the people to strike for liberty will again be presented. The old parties which have surrendered the rights of the people to the rule of concentrated capital will ask for a renewal of their leases of power at the ballot box. Every movement of the people to obtain relief outside the forms of law will be denounced as anarchy. The purse strings of the nation are held by Congress under the dictation of the Administration, and the President is the commander-in-chief of the army and navy of the United States.

The attempt of a starving multitude to march toward Washington will furnish an excuse for using the power of the Governments of the States and of the United States to put down anarchy and insurrection. The vigor with which the laws will be executed against starving people will be an argument in the next election for continuing in power concentrated capital as a necessity of maintenance of law and order.

The sufferings of the people are the result of electing the men to office who do the bidding of the money powers which have destroyed more than one-half of the metallic money of the world by legislation and cornered the other half. Twenty years of uninterrupted rule of banks and bondholders has concentrated the wealth of the world in the hands of the few and enabled them to seize the telegraph, the press and nearly every other avenue through which the people can obtain information of the cunning devices by which the parasites absorb what the masses produce.

**THE BALLOT BOX, THE PEOPLE'S BATTLE-FIELD.**  
There is but one battlefield where the forces of liberty and equality can meet and overthrow the enemy of human rights. There is not a law on the statute books authorizing the President of the United States to march an army against the people at the ballot box. Every attempt to place this ballot under the control of Federal authority has thus far been successfully resisted.

ABSOLUTELY PURE

A LARGE SHEEP RANGE.

Application to Be Filed For 25,000 Acres of Land.

The Enterprise says applications have been prepared for filing on 25,000 acres of land in the foothills marking the northern boundary of Forty-mile Desert. The land is to be used for a sheep range. These foothills once furnished feed for large bands of cattle, but the advent of the sheepherders made it unprofitable to range cattle there. The sheep-growing business is one of the most profitable industries in the State, as the increase is so rapid that a fortune is accumulated in a few years with a small capital invested.

The foothills mentioned form the best sheep range in the State from the fact that snow rarely ever lies on the ground more than twenty-four hours after a heavy fall and the Winters are so mild on the vast plain below that very few losses will occur.

In case of an unusually severe Winter hay can be purchased in the stack on the Carson river for \$8 per ton, and an outlay of a few hundred dollars would be sufficient to feed a band of 20,000 sheep in case of a shortage in range feed until the snow disappeared in the valleys.

GRAY AND KINCART.

Evidence Piling Up Against Them.

The examination of John Kincart and Oscar Gray, charged with grand larceny in stealing a steer, was yesterday postponed until Thursday. The evidence against the two is convincing. Gray yesterday morning made a full confession to Sheriff Caulfield in which he implicated Kincart in the commission of the crime. Kincart was yesterday rearrested and held in \$500 bonds in default of which he was committed to jail.

G. W. Humphrey yesterday swore out another warrant charging Gray and Kincart with stealing a steer from him from a corral near the poor house. Gray confessed to stealing from Humphrey and said the hide was in a ditch near Glendale. Mr. Humphrey and Constable Campbell went to the place indicated and found the hide.

Seth Taylor's Condition.

Seth Taylor was resting easier last evening and the indications for his recovery are more promising. He is compelled to lie on his side upon a board over which a thin mattress is placed. The wounded leg soon after the shooting drew up about two inches, but since he has been placed on the board a fifteen-pound weight keeps it extended the proper length.

The lying in one position so long is tiresome but the young man bears his sufferings with scarcely a murmur.

To Institute an Encampment.

Renoe Encampment No. 5, I. O. O. F. will go to Wadsworth next Friday to institute an Encampment at that place. They have chartered a special car for that occasion and will leave here on the east-bound passenger Friday morning. All Encampment members are invited and there will be no charge for transportation. The Patriarchs Militant will appear in uniform and a number are expected from Virginia City and Carson.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is no remedy for cataract deafness, and the constitution remedies. Deafness is caused by an inflamed condition of the mucous lining of the ear. It is not caused by the brain, but by the ear. When you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the ear is restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by cataract, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any cure of deafness.
